**DETAILED ACTION**

1. This office action is in response to application filed March 06 2002.

***Claim Rejections - 35 USC § 102***

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claim 1-23 are rejected under 35 U.S.C. 102(e) as being anticipated by Hishashi (Japanese Application No. 09168830).

In paragraphs 11 and 12 of the electronic translation Hishashi teaches a memory controller (fig. 1, section 2), an access request (paragraph 11), a determining circuit (fig. 1, element 4), memory addresses (paragraph 11), wherein the access request will be compared with memory addresses and the auto precharge will be set as enable or disable.
